ANNOUNCEMENTS.

We are authorized to announce M. M. Redwine as a candidate to fill the unexpired term of two years as Judge of the 32nd Judicial District of Kentucky, composed of the counties of Elliott, Morgan, Carter and Lawrence subject to the action of the Democratic party of said district.

The Elizabethtown News has recently celebrated its silver anniversary. Its Big Sandy namesake, nearly as old, extends congratulations.

By a decision of the Indiana Supreme Court James Gillespie, of Rising Sun, serving a life sentence in the State prison on conviction of the murder of his sister, is set free. The decision reverses in opinion of the lower court on the ground that error was committed in not granting a new trial.

The pert paragraphs are aiming their shots at the county seat of Elliott. This from the Courier-Journal:

President Fonilla of Nicaragua has fallen back upon Amapala, which, it seems, is a fast resource, corresponding to Sandy Hook, Ky.

Mr. Roosevelt, who now wants to eat Mr. Harriman and other high financiers alive, ate out of their hands in 1904. To believe that Mr. Roosevelt did not know where his campaign fund came from is to assume that he was a political idiot, and this theory none but an idiot could hold.

As the fight on Guyan was between Tony Sodario and Sebastino Puchelli, and friends of Sodario and Puchelli, very little will be said about it by the out-of-the-State press, although three men were killed and a woman was wounded. A fight of similar proportions and equal results among native Kentuckians would attract national attention.

One interesting fact about the operation of the new service pension law is that millionaires are taking advantage of the act to secure pension certificates to leave as legacies to their children. No fewer than twenty millionaires have applied for service pensions, on the ground that the pension roll is a roll of honor, and that the placing of their names on it officially establishes their war record. No one can be pensioned who has not received an honorable discharge, and the rich men who are now seeking pensions have no thought of the amount of money they will receive.

It is now charged that through the indiscreet utterances of an agent of a combine which was formed for the purpose of controlling the next Republican convention, the Administration at Washington became cognizant of the existence of a tremendous corruption fund which has been raised for use in the preliminary steps. In this connection it is also stated that there has been formed an anti-Roosevelt alliance between Harriman, Hearst, the Rockefeller and all the Standard Oil magnates, and Mr. Harriman is held up as the leader of what is termed the most stupendous political plot within the memory of the present generation.

President Roosevelt is to be the chief figure of the opening of the Jamestown Exposition, the official programme of which was announced yesterday. The opening exercises, which take place Friday, April 26, will begin at sunrise by a salute of his guns by the Norfolk light artillery blues, commemorating the 20th anniversary of the first English settlement of America.

If Teddy should run again. First—He would ignore a precedent as old as the Republic.

Second—If elected he would, if he lived, occupy the Presidential chair for a longer period than any previous Chief Executive.

Third—He took office September 14, 1901; should he again be elected, he would serve until March 4, 1913—eleven years, five months and twenty days.

Fourth—Will he run?

The Brooklyn Times says: Mr. Cleveland is a fine old survival of the Democratic party as it was in its middle age. He is the last of the Romans.

The longer time lasts the more does the public recognize the true greatness of Grover Cleveland. He was great in all the essentials of true statesmanship. In the eight years he was President no scandal smirched his administration, none tainted a single department. Can as much be truthfully said concerning any other administration since the Civil War? Cleveland could not be bought nor bossed, therefore he had his enemies.

Difficult Breathing

Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the worn-out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.

"I am glad to say that I am so much improved in health. Dr. Miles' Heart Cure cured me when several doctors failed. I think no other medicine could do for me what Heart Cure has done. My case was bad; but as it could be at times, I had difficulty in getting my breath, my heart beat so fast at times that I thought it impossible to live without relief; the pain was very severe in my left side, and my nerves were all unstrung. I had almost given up all hope of being cured, and I am sure I would not, if I had not taken the Heart Cure. I take great pleasure in recommending Dr. Miles' remedy to all who suffer with heart disease."
